

Eco-Friendly Product Recommendations

Sample structured dataset for RAG pipeline testing. Product names/brands are illustrative categories, not verified live listings — replace with a real curated dataset before production use.

Beeswax food wraps

- **Category:** Kitchen
- **Replaces:** Plastic cling film
- **Why:** Reusable for up to a year, compostable at end of life, washable with cold water.
- **Typical price range (INR):** 300-600 for a set of 3

Stainless steel lunch box (multi-tier)

- **Category:** Kitchen
- **Replaces:** Plastic tiffin boxes
- **Why:** Durable, does not leach chemicals when heated, fully recyclable at end of life.
- **Typical price range (INR):** 400-900

Bamboo toothbrush

- **Category:** Personal Care
- **Replaces:** Plastic toothbrush
- **Why:** Handle is biodegradable; only the bristles need special disposal.
- **Typical price range (INR):** 80-150 each

Shampoo and soap bars

- **Category:** Personal Care
- **Replaces:** Bottled liquid shampoo/bodywash
- **Why:** Little to no plastic packaging, often more concentrated so it lasts longer per gram.
- **Typical price range (INR):** 250-500

Cloth/jute shopping bags

- **Category:** Shopping
- **Replaces:** Single-use plastic bags
- **Why:** Reusable for years; foldable versions fit in a pocket or purse.
- **Typical price range (INR):** 100-300

Compost bin / vermicompost kit

- **Category:** Waste Management
- **Replaces:** Sending all kitchen waste to landfill
- **Why:** Converts kitchen scraps into usable compost for home gardening within weeks.
- **Typical price range (INR):** 1200-3000

Solar-powered garden/balcony lights

- **Category:** Energy
- **Replaces:** Grid-powered outdoor lighting
- **Why:** No electricity cost after purchase; charges during the day, works off-grid.
- **Typical price range (INR):** 300-1500 depending on brightness

Refillable glass spray bottles for cleaning

- **Category:** Household
- **Replaces:** Buying a new plastic spray bottle every refill
- **Why:** Pairs with concentrate refill pouches to cut packaging waste significantly.
- **Typical price range (INR):** 150-350

Reusable steel/glass straws with cleaning brush

- **Category:** Kitchen
- **Replaces:** Plastic straws
- **Why:** Dishwasher-safe, lasts years, commonly sold in sets with a travel pouch.
- **Typical price range (INR):** 150-300 for a set

E-waste-certified battery recycling drop box (locate via retailer)

- **Category:** E-waste
- **Replaces:** Throwing batteries in general waste
- **Why:** Batteries contain heavy metals that contaminate soil and water if landfilled improperly.
- **Typical price range (INR):** N/A - free drop-off at participating stores
